

Patent Busters

How medicinal chemists can protect their IP or work around others'

An interactive workshop presented by
Ingo H. Hardt, Ph.D, Esq and Michael J. Hostetler, Ph.D., Esq
Wilson Sonsini Goodrich & Rosati

11am – 2:30 pm, October 24, 2018

Live at UCSD, Urey Hall Room 3060

Live stream on Zoom:

<https://ucsd.zoom.us/j/301698111>

- 11:00-12:30 A general overview of patent law: what a patent is, the patent application process, requirements for obtaining a patent, and an introduction to reading a patent.
- 12:30-1:00 Break (Lunch will be provided)
- 1:00 - 2:30 Patent claims covering small molecule clinical candidates: review claim coverage and gaps, strategies for working around the patent claims and generating separately patentable subject matter.

UCSD faculty hosts: Haim Weizman and Michael Gilson

UCLA faculty host: Robert Damoiseaux, PhD
