

Save the Date!

**University of California Drug Discovery Consortium
3rd Annual Symposium**

September 23, 2019 @ UC Davis

The third annual UC DDC symposium is being hosted by UC Davis and will be held at the UC Davis Conference Center. Luminaries in drug discovery and development from across the University of California campuses, as well as from industry, will be coming together during this full-day event.

Highlights of planned agenda:

- Plenary lectures from leaders in drug discovery
- Presentations from UC DDC Seed Grant recipients
- Overview of UC DDC resources and directions
- Poster presentations from UC researchers
- Perspectives on drug development from industry
- Networking breaks

Who Should Attend?

UC faculty, students, post-doctoral fellows and staff who have research interests in drug discovery and development at any stage, pharmaceutical and biotechnology industry experts with interest in ongoing UC drug discovery projects, and other career professionals interested in networking with UC drug discovery researchers.
